

50-PLUS YEARS OF COVER-AND-CONTAINMENT EXPERIENCE  
Your Total Tarping Solutions Source

## Superior-Quality Materials and Workmanship

G001FL-1111

Our 150,000 square foot production site with its own dedicated tarp and metal fabrication facilities, in combination with 250-plus employees, eight nationwide service centers and a strong midwestern work ethic make Shur-Co® a name you can trust.

Our employees go that extra mile to provide our customers with the best possible products. They take pride in their jobs, and their dedication and attention to detail have earned us the respect of the tarping industry.

We use the finest solid vinyl-coated fabric with built-in UV inhibitors to reduce sun damage and fading. Each lot is lab tested for tear strength, abrasion resistance and cold-temp flexibility.

Shur-Co® quality shows, even in the smallest details: Reinforced stitching adds strength at stress points, reducing the likelihood of tears. Seams are heat welded for a watertight bond between panels; the added thickness creates an improved moisture barrier. Roll tubes, tarp stops and bows have zinc coating inside and out. Aluminum and stainless steel components are also available when additional corrosion protection is needed.

## The Leader in Customer Service and Satisfaction

From the invention of *The Original Shur-Lok*® to our latest product line of SMARTrailer™ accessories, Shur-Co® has led the industry in developing products our customers want and need. We back that up with sales, service, installations and repairs at our branches.

Our trained engineers are equipped with cutting-edge 3D design software and backed by a creative and experienced research-and-development staff. Our high-speed computer numeric control (CNC) system precision cuts to pattern for consistency, lower cost and shorter lead times. Custom fabrication facilities allow us to precisely match customer specifications.

Our experienced team of Regional Sales Managers offers a storehouse of product knowledge, bringing it directly to our dealers. Our eight service centers in South Dakota, North Dakota, Illinois, Ohio, Iowa, Colorado, Texas and Oklahoma are available for installations and repairs. The staff at each location are expert at creating custom solutions for specific needs. Our shipping and packaging staff are experts in getting orders out as fast and as safely as possible.

Shur-Co® service representatives are friendly, knowledgeable and eager to please. If you have questions, they have the answers. Call them at 800.474.8756 Monday through Friday, 8:00 a.m. to 5:00 p.m. Central Time.
