

# WARRANTY

To ensure full warranty coverage, please follow the wiring specifications shown on wiring diagram. Hopper traps must be in reasonable working condition before installation of ProTrap® system. Some trailers may require reinforced door stops before operating the ProTrap® system. Warranty is good for original owner only.

Shur-Co.® warrants the ProTrap® motor against premature wear out for a period of five (5) years. Warranty begins three months from time of factory shipment. ProTrap® hopper motor can only be used in conjunction with the ProTrap® system.

Use of the ProTrap® motor in applications other than the ProTrap® voids the product warranty, unless the use is specifically approved in writing by Shur-Co.® engineering management. The warranty period in these applications will be one (1) year, beginning from time of factory shipment.

Repairs can be made at the Shur-Co.® factory. To do so, first obtain a "Return Material Authorization" number by calling Customer Service at the Shur-Co.® factory (866-748-7435) and send the defective unit with transportation charges prepaid to:

Shur-Co.®  
RMA# \_\_\_\_\_  
2309 Shur-Lok St.  
PO Box 713  
Yankton, SD 57078 USA

If the unit is found in the reasonable judgment of Shur-Co.® to be defective in material or workmanship, repair or replacement will be made by Shur-Co.® without charge for parts or labor. Repair or replacement will be at the discretion of Shur-Co.®, with replacements being made using current models or parts performing in the equivalent function. Labor charges other than those incurred at the Shur-Co.® factory are not covered under this warranty. All expenses associated with delivering defective items to the Shur-Co.® factory will be paid for by the owner.

If the product returned is found to be non-warrantable, the customer will be contacted to authorize repair work or return of the product. Damaged non-warranted products will only be returned to the customer if this is requested before any work is begun. The customer is responsible for the cost of repair and return shipping of non warrantable products. Payment authorization must be received by Shur-Co.® before any non-warrantable equipment is returned.

This limited warranty excludes all other warranties, express or implied. Except as specifically outlined above, Shur-Co.® shall not be liable for warranty in any amount exceeding the purchase price of the goods. Shur-Co.® shall not be liable for any special incidental or consequential damages.

This warranty gives you specific legal rights. You may also have other rights, which may vary from state to state.

## IMPORTANT!

### 12-Volt Electrical Requirements

The Shur-Co.® Planetary Gear Motor must be used in conjunction with the following Shur-Co. parts:

- 40 AMP Circuit Breaker P/N 1704354
- 6 Ga. Dual Conductor Wire P/N 1703822

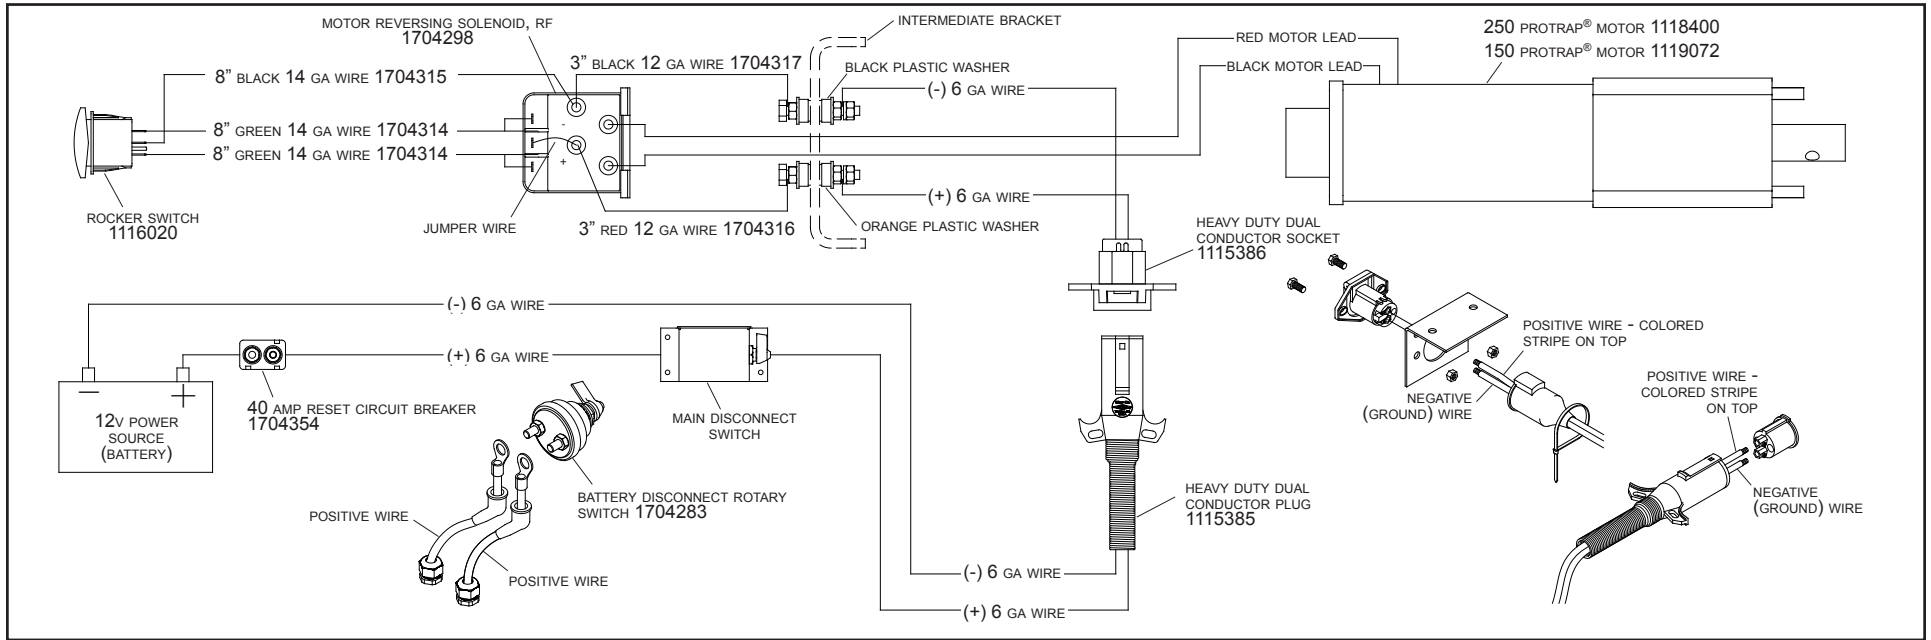

Use of unauthorized parts or improper installation may lead to premature component failure.

See Electrical Diagram for installation details or call Shur-Co.® Customer Service at 1-866-748-7435.
