

BEST WAY TO HAUL HEAPED LOADS

A011FL-0315

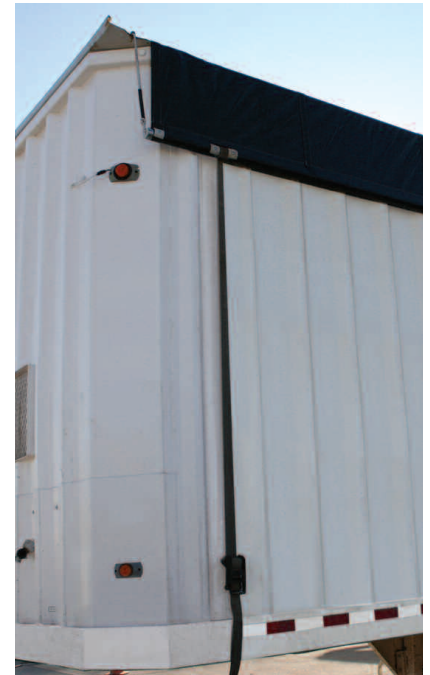

In the business of transporting light yet bulky materials like wood chips and trash? A PBR is the perfect tarping system. It lets you heap your loads above the bows and still keep your tarp tight.

Belt 'n ratchet cranks are available in 84-inch and 114-inch lengths. Hold-downs secure the tarp tube for uniform tension and can be ordered as strap tie-downs or as ratchets with optional quick-release straps. An improved crank key on the econo-joint offers easy crank installation and removal. A convenient leave-on option for the crank allows it to stay attached to the trailer with a wire lock or pin.

Key Features | Farm Body: 5" Belt w/2" Ratchet Hold-Downs, Standard Tarp Stops, Galvanized Steel Bows/Brackets, Aluminum End Caps, 1" Ridge Strap, Rope Return, Square Key Crank Arm, Offset Crank Retainers, 18-Oz. Vinyl Tarp.
