HEAVY-DUTY ARMS GUARANTEED FOR LIFE

A012FL-0716

The 4500 Series HD features a powerful American-made motor with all-metal gearbox and an incredibly reliable magnetic brake. Heavy-duty extruded aluminum torsion arms are equipped with spiral-reinforced elbows for flexibility to move smoothly over loads.

Available for all trailer makes and models! The 4500 Series HD produces optimal rather than increased torque (which can harm your tarp system). No electrical energy is used to actuate the brake, so there are no electrical connections to misfire. A patented dual-pivoting motor mount allows for any misalignment of the roll tube without stress to the system.

The heavy-duty arms are the strongest in the industry, backed with a lifetime warranty. They come preassembled with a super-sturdy mounting bracket (no backer plate needed in most installs). The roller bearing-style rear arm bracket has a low-friction design that won't wear out. Both arms are inset to prevent obstruction of clearance lights.

An improved rubber boot on the flex-joint guards against damage from field and road debris. An additional flex-joint, called the Gate Flex™ option, bypasses side- and top-mount hinges to accommodate tailgates. A protective bolt-on shroud facilitates easy motor access.

FEATURES TO FIT ALL TYPES OF TRAILERS

The 4500 Series HD is available for all trailer makes and models and has been adapted for grain trailers, end dumps, live-bottom trailers and open-top vans. All applications feature the same powerful American-made motor, and each receives a SMART²™ or 1+™ SMART-touch remote.

Check below to see which features are standard and what upgrades are available for each application. Note that systems using a Shur-Return™ will not permit manual override.

Key Features | Grain Trailer: 4-Spiral Torsion Springs (2), Heavy-Duty Aluminum Brackets, Front/Rear Aluminum Heavy-Duty Arms, Cab Wiring Kit for Standard Electric Hardware or Trailing Wiring Kit for SMARTwire™ Systems, Exposed Spline.

Key Features | End Dump: 4-Spiral Torsion Springs (2), Shur-Return™ for Single Arm Kits, Heavy-Duty Aluminum Brackets, Front/Rear Aluminum Heavy-Duty Arms, Cab Wiring Kit for Standard Electric Hardware or Trailing Wiring Kit for SMARTwire™ Systems, Gate Flex™.

Key Features | Live-Bottom Trailer: 4-Spiral Torsion Springs (2), Heavy-Duty Aluminum Brackets, Front/Rear Aluminum Heavy-Duty Arms, Cab Wiring Kit for Standard Electric Hardware or Trailing Wiring Kit for SMARTwire™ Systems, Gate Flex™.

Key Features | Open-Top Van: 4-Spiral Torsion Springs (2), Shur-Return™, Heavy-Duty Aluminum Brackets, Front/Rear Aluminum Heavy-Duty Arms, Cab Wiring Kit for Standard Electric Hardware or Trailing Wiring Kit for SMARTwire™ Systems, Exposed Spline.
