

How do I add ProTraps or 4500 Series HD to existing systems?

If you have an electric tarp system and want to add a ProTrap®, you'll need to let us know the answers to the following questions:

TO ADD TRAPS TO 3500 or PRE-SMARTWIRE™ 4500:

- 1) Does your system have a Shur-Co® remote? A Super-Winch remote? A rocker switch?
- 2) Want to upgrade your 3500 motor to a 4500 motor?
- 3) Trailer make and year?
- 4) Type of hopper? Strap or rack-and-pinion?
- 5) Number of hoppers? Which direction to turn drive to open hoppers?
- 6) Additional remotes?

TO ADD TRAPS TO 4500 WITH SMARTWIRE™

- 1) Remote or rocker?
- 2) Trailer make and year?
- 3) Type of hopper?
- 4) How many hoppers and direction?
- 5) Additional remotes?

TO ADD 4500 WITH EXISTING PROTRAPS

- 1) SMARTWIRE™ or not?
- 2) Roll direction? Standard or reverse roll?
- 3) Trailer make?
- 4) Single, lead or pup?
- 5) Swinging door?
- 6) Vertical or sloped?
- 7) Additional remotes?

For additional information about Shur-Co® products, give us a call at **1.800.474.8756** Monday through Friday, from 8:00 a.m. to 5:00 p.m. Central Time. Our friendly and knowledgeable Customer Service Representatives will be happy to answer your questions. Or log on to our website at www.shurco.com.

Above: The ProTrap® electric hopper opener is a faster, easier, safer way to load and unload grain.

At right: Our patented SMARTwire™ harness sealed connections reduce install time - no additional wire stripping or crimping of connections is required.
