

HAMMER™

STEEL ARM TARP SYSTEM

D006FL-0318

STANDARD FEATURES

- Tarp Spool with Side Plates
- Extruded Aluminum Roller Bar
- 1.69" Round Arms - 2-Piece
- Flat-Coil Springs (4)
- HD Ground-Level Crank with Chain Guard
- Standard on P/N 1801978
- Durabuilt™ Motor - Standard on P/N 1801011
- Rotary Switch - Standard on P/N 1801011

TOUGH, SIMPLE AND AFFORDABLE

With the Hammer™, you get one-size-fits-all styling for dump bodies up to 23 feet. Strong 1-1/2-inch diameter round "easy-off" pivot arms and flat coil torsion springs provide smooth, powerful operation. The GL model has a ground-level manual crank while the standard Hammer is powered by the Durabuilt 12V direct-drive motor with rotary switch. Optional upgrades include 40-amp Durabuilt™ rocker switch kit with solenoid, wind deflectors, pivot arm rests and spring trap and tarp trap hold-downs.

FITS BOXES & TRAILERS - UP TO 23'

HAMMER™

STEEL ARM TARP SYSTEM

Silicone Chrome Springs

Each Hammer™ comes with 8 long-life torsion springs made of silicone chrome steel.

3-Year Motor Warranty

The dependable Durabuilt™ 12V direct-drive electric motor has an in-cab rotary switch for operator convenience. The motor comes with a three-year full replacement warranty.

Quick Install and Tarp Exchange

With our roller bar design and a rear crosspiece that removes in minutes, both install times and tarp changes can be accomplished in minutes.

Optional Pivot Rest

Pivot arm rests are an option for the Hammer™ flip tarp. The arm rest creates a steadier arm while in the locked position and helps keep the arm from bouncing during transportation.

Huge Tarp Selection

When pricing your Hammer™ system, you will need to order your choice of tarp and add that to the price. Choose from heavy-duty mesh, multicolored PVC mesh, 18-oz. vinyl or asphalt lumite. Asphalt lumite is water resistant and not PVC coated, so it's able to handle much higher heat levels than vinyl.

In addition to lumite, other asphalt-friendly selections are also available, including RFL, urethane-coated airbag, 22-oz. vinyl and doloprene. More tarp options can be selected, such as non-standard colors, side flaps, reinforced pockets or hems, webbing, boxed corners, stenciling, grommets and D-rings.
