

DIRECT LIGHT WHERE YOU NEED IT MOST

A020FL-0518

The perfect combination of affordability, durability and functionality! Complete 12-volt system is specifically designed for use with our SMART2™ or SMART3™ remotes. It lets you work into the night with LED high-intensity flood beams on hinged brackets for easy adjustment.

LiteALL™ allows you to run your work lights with the same remote you use for your 4500 Series HD electric tarp, AutoTrap™ and ProTrap® electric hopper openers, electric Gate and Hoist system and DriveMaxx™ auger drive – whatever the combination.

LiteALL's work lights are set into hinged mounting brackets that swivel forward and back, and the 20' extension cable provides added adaptability. Built-in flexibility accommodates manual operation using the trailer-mounted control module. Specifications: IP67 waterproof rating, 1600 lumens, 24-watt output, 1.8-amp draw and 30,000 hours estimated life.

Key Features: Work Lights, Control Module, SMART2™ or SMART3™ Remote, 20' Extension Cable.

NOTE: 1-light, 2-light, 3-light and 4-light kits are available, as are all separate components to allow you to assemble your own system to your own specifications. Call for more details.
