

CABLE-LOK®

FOR FARM BODIES

A008FL-0620

FEATURES AND BENEFITS

- No-Weld Install
- Easy-Off Tarp Stops
- Galvanized Bows/Brackets
- Galvanized End Caps
- 1" Ridge Strap
- Telescoping Nylon Crank Retainer
- Spool w/Galvanized Cable and Zinc-Plated Ratchets

Now you can quick-roll your tarp while standing in one spot- no need to keep shifting around for a better angle. Cable-Lok™ keeps the tarp moving smoothly from fully open to completely closed.

Spring-loaded tension with cable attachment keeps the tarp tight and covers boxes up to 24 feet long and 12 feet wide. The Cable-Lok™ has an extruded tarp attachment slot running the full length of the aluminum roll tube. Once inserted, a safety rod anchors the tarp in place for easier removal, if necessary. Tension is distributed evenly along the fabric - no binding, overlap or friction.

Our easy-off tarp stops let you remove the tarp with minimal tools in the shortest amount of time. An upgrade to 6-inch easy-off stops will store the tarp off to the side of the top rail.
