Series HD electric
tarping system!

SMART-TECHNOLOGY PRODUCT LINE

ASSISTIVE PRODUCTS ARE THE NEW AGE OF TRAILER AUTOMATION

With our line of remotely controlled products, Shur-Co® makes work easier than ever before! From electric tarps and traps to an electric gate and hoist system and a drive auger kit, Shur-Co® is your partner in the field and over the road.

SMART MODULES. Most of our electric modules are equipped with a safety lock-out feature. While locked, outputs cannot be turned on using control box buttons. To unlock, simply press and hold both box switches for one second. The safety lock is automatically disabled when using the remote. Outputs: Latching (2), Momentary (2) or Hybrid (2).

- Supply Voltage: 11-15V DC
- Maximum Current: 10 Amps per Output

SMART-Technology Line of Assistive Products

4500 Series HD Tarp, ProTrap® & AutoTrap™ Hopper Openers,

with Sealed Control Boxes & Quick-Connect SMARTwire™ Harnesses

Electric Gate & Hoist, DriveMaxx™ Auger Drive Kit, AutoGate™, SMART2™ & SMART3™ Remotes

DO YOUR JOB FASTER, MORE SAFELY & WITH INCREASED PRODUCTIVITY!

The Shur-Co® line of SMART-technology assistive products can be remotely operated with a SMART-touch remote (see SMART2™ and SMART3™ featured at left).

4500 SERIES HD ELECTRIC TARP. The 4500 HD features a powerful American-made motor with all-metal gear casing, plus an reliable magnetic brake. Spiral spring returns, front and back, move the tarp smoothly over loads. The front and rear extruded aluminum torsion arms are the strongest on the market, **backed by a LIFETIME guarantee against breakage.** Our patented dual-pivoting motor mount accommodates roll tube misalignments without stressing the system.

PROTRAP® & AUTOTRAP™ HOPPER DOOR OPENERS. These electric hopper door openers let you stay back, out of the dust. ProTrap's all-metal gears and housing can handle the hard stops while AutoTrap™ offers a more compact size, higher clearance and big performance – all at an affordable price.

MORE ELECTRICS. The 4500 Series HD, ProTrap® and AutoTrap™ are pictured below left, as are many of our assistive-technology products that can make your job so much easier and safer.

4500 SERIES HD ELECTRIC TARP
