

BELT 'N RATCHET: KEEPS TARP TIGHT OVER HEAPED LOADS

- 5" Belt w/2" Ratchet Hold Downs
- Standard Tarp Stops
- Galvanized Steel Bows/Brackets
- Aluminum End Caps
- 18-Oz. Vinyl Tarp
- 1" Ridge Strap Prevents Tarp Sagging
- Rope Return
- Square Key Crank Arm
- Offset Crank Retainers

The Belt 'N Ratchet allows you to heap your loads above the bows and still keep your tarp tight. Cranks are available in 84" and 114" lengths. Hold-downs secure the tarp tube for uniform tension. These can be ordered as strap tie-downs in 7' or 9' lengths or as ratchets with optional quick-release straps.

An improved crank key on the econo-joint offers easy crank installation and removal. You can also order a convenient leave-on option for the crank arm, allowing it to remain attached to the trailer with a wire lock or pin.

**Electric Belt 'N Ratchet electric options are also available for most trailer types.*
