Each ShurTite™ tarping system comes with standard features. These are bulleted (•) and noted as Standard in bold type in the STANDARD FEATURES AND OPTIONS chart below right, like the 22-ounce vinyl tarp in black, green, gray or red, plus a skylight panel, listed below right. Any change from these standard features will affect the cost of your system. This is noted as an “add,” “deduct” or no charge “N/C.”

Safe, fast and lightweight customizable tarping! ShurTite™ systems save time and money, allowing one-person operation and reducing injury by opening and closing safely from the ground.

Lightweight and aerodynamic, ShurTite™ adds just 1,750 lbs. to a standard 48' flatbed trailer. It compresses to 8' and locks to any spot on its aerospace-quality high-strength aluminum track. A replaceable polymer insert makes rolling easy and extends track life. Rubber seals between track and deck accommodate factory-mounted winches and keep out road debris.

Choose from standard system heights of 72", 84" or 100" configurations for flatbed trailers and straight trucks – or let our in-house engineering staff design around your specific needs. ShurTite™ is backed by a two-year front-to-back warranty.

COMPLETE KITS | Standard 102" Width Kits

	TRAILER TYPE	TRAILER LENGTH
2000562	STRAIGHT TRUCK	12FT - 15FT
2000563	STRAIGHT TRUCK	16FT - 19FT
2000564	STRAIGHT TRUCK	20FT - 26FT
2000565	STRAIGHT TRUCK	27FT - 33FT
2000566	FLATBED	34FT - 40FT
2000567	FLATBED	41FT - 48FT
2000568	FLATBED	49FT - 53FT
2000569	STEP DECK	48FT
2000570	STEP DECK	53FT
2000571	DOUBLE DROP	48FT - 53FT

NOTE: To include an access door, please add it from the Accessories chart at right for an additional \$578 to the prices listed above.

GEN3™ UPGRADE

If you want your tarp in a non-standard color, for example, you'll need to add \$1,155.00 to your total cost (call to see what colors are available). Ink and digital graphics can also be ordered for an additional charge (please call for a quote).

NOTE: All prices in this catalog are subject to change without notice. All components other than standard may require a non-refundable engineering fee of \$75 and manufacturing fee of \$25. Call for details.

**Call to check on non-standard color availability.

GENUINE SHURTITE™ REPLACEMENT PARTS

Genuine ShurTite™ replacement parts are proven to fit and function better. For quality performance, go with the name you can trust. Remember that utilizing non-Genuine parts voids your warranty. For more information, call our ShurTite™ distribution centers at 844.573.9322 (USA) and 800.265.0823 (Canada).

NOTE: All prices in this catalog are subject to change without notice. All components other than standard may require a non-refundable engineering fee of \$75 and manufacturing fee of \$25. Call for details.

SYSTEM AND COMPONENT IDENTIFICATION

- 1) FOR TITETRAX™ AND MAGNUM™ SYSTEMS, get the serial number and job number from the aluminum tag located at eye level on the driver side of the headboard.
- 2) FOR CLASSIC SYSTEMS, get the last five (5) digits of the trailer VIN number.
- 3) Fill out the measurement sheet (*see pages 26-35*) that most closely resembles your trailer/truck.

FLATBED TRAILER MEASUREMENT SHEET

Rev. 11-20 | Page 1

ShurTite™ tarps are custom-made to order and are non-returnable, so the correct physical measurements are essential for proper tarp fit. Be sure to provide all requested information or your order may be delayed. Do NOT use universal body or trailer sizes. Instead, use ACTUAL MEASUREMENTS provided in INCHES.

Use diagram below to help determine correct measurements for ordering. Trailer **MUST BE AIRED UP** and hooked to the truck or the fifth-wheel height set to 48" from the ground BEFORE taking measurements. Width of deck is from outside rub rail to outside rub rail. Additional information needed is noted on reverse side.

TERMS AND CONDITIONS

ORDERS

All orders are subject to written acceptance by Shur-Co® of Canada, ULC, 490 Elgin Street, Unit #2, Brantford, ON N3S 7P8. We are required by law to collect sales tax and FET taxes on products shipped to states where applicable. If tax exempt, a copy of your tax exempt certificate must accompany your order.

EXPEDITE/CANCELLATION/CHANGE FEES

In-stock parts orders placed by 10:00 a.m. (Central Time) normally ship the same day. (This varies with quantity/size of the order.) Standard lead time on tarps and hardware kits is generally five (5) to seven (7) working days; however, if you request that your order of tarps, hardware kits and/or complete tarp systems be expedited earlier than the normal lead time, there will be an extra charge of \$25. This fee is in addition to shipping and handling charges. Any change will generate an additional charge of \$25, and a cancellation will generate a 15% re-stocking fee. Lastly, once an order is in production, no changes can be made – it is then considered final. **Remember – we have no control over delivery dates – only ship dates.**

SHIPPING

All orders are shipped FOB from Shur-Co®, LLC, Yankton, SD; Caldwell, ID; Decatur, IL; Ravenna, OH; West Fargo, ND; Brantford, Ontario, Canada. No full freight will be allowed and no prepaid shipment will be accepted unless quoted and approved in writing prior to acceptance of order. All shipments are made by the most reasonable means in accordance with size and weight of order, unless specific routing instructions are furnished by customer. Shipments are made daily via UPS and common carrier. Claims for shortages must be made within 10 days. All claims for damages or loss in transit must be made with the carrier. No collect calls will be accepted. To ensure delivery of orders, we need your full street address and phone number. When you receive your shipment, examine it carefully. Be sure that all cartons listed on the delivery sheet are present and accounted for. Large items, like steel tubing, may be packaged separately. If a carton is damaged, open it and inspect contents before signing for delivery. If merchandise is damaged, describe damage on delivery receipt. Failure on your part to document damaged or missing merchandise on delivery receipt re-leases carrier of liability; repair or replacement will be the customer's responsibility.

CREDIT TERMS

Shipments are made on a cash basis – no CODs. We accept VISA, MasterCard, wire (electronic) transfer and checks by mail. If paying by mail, orders will not ship until the check is in the bank.

WARRANTY

We warrant that all new products are free from defects in materials and workmanship.* Warranty is effective if products are properly installed and used for the purpose for which they were intended and applies to the original buyer only. Except as set forth above or as set forth in any product-specific warranty documentation, we make no other warranties

WARRANTY Continued

express or implied, including, but not limited to, warranties of merchant-ability or fitness for a particular use.

Returns for warranty must be accompanied by a Return Merchandise Authorization number (RMA#), obtained by calling Customer Service at 800.265.0823, and sent, with freight paid by us, to Shur-Co® of Canada, ULC, 490 Elgin Street, Unit #2, Brantford, ON N3S 7P8. All products returned without an RMA# will be refused. When we issue the RMA#, we will also issue a call tag to have UPS (or other freight company) pick up the product. COD warranty returns will not be accepted. We will pay no storage charges for a warranty product return prior to pickup by us or the freight company. If a warranty product return is scheduled to be picked up by us, we will do so at our earliest convenience.

If the product returned is found, in our judgment, to be defective in material or workmanship, our obligation under this warranty is limited to repair or replacement of the product, which will be made by us. Re-pair or replacement will be at our discretion, with replacements being made using current products performing the equivalent function. Labor charges other than those incurred at our factory or company-owned service location (see back cover for list of facilities), including, but not limited to, any labor to install a repaired or replacement product, are not covered under this warranty. All expenses associated with delivering defective products to our factory and delivering repaired or replacement products from our factory to the owner will be paid by us.

If the product returned is found, in our judgment, to be non-warrantable, the owner will be contacted to authorize repair, the purchase of a replacement product or return of the product, all of which will be at the owner's expense. Payment authorization must be received by us before any non-warrantable product is repaired, replaced or returned. All expenses associated with delivering the repaired non-warrantable product, a replacement product or the non-warrantable product from our factory to the owner will be paid by the owner.

In no event will we be liable for damages of any kind to person, product or property, including, but not limited to, indirect, incidental, special, consequential or punitive damages, or damages for loss of profits or revenue, even if we have been advised of the possibility of such damages. There are no warranties for used products or products that have been repaired, altered, modified or subjected to misuse, negligence or accident. We will not repair or replace products that fail or malfunction due to ordinary wear and tear, except as expressly provided in a product-specific warranty. The use of non-Shur-Co®, LLC parts in conjunction with our products will void the product warranty.

*Certain products have specific warranties that differ from this warranty, i.e. motors and electronics. Product-specific warranty documentation is available. In the event of a conflict between this warranty and a product-specific one, the product-specific warranty will govern. SEE A COMPLETE LISTING OF SHUR-CO®, LLC WARRANTIES ON OUR WEBSITE: <https://www.shurco.com/support/warranties>.

RETURN POLICY

All sales are final. See WARRANTY section at left and above for information on warranty returns.

NOTE: No person is authorized to modify the foregoing conditions of sale whatsoever. All prices, product listings, sizes, weights and manufacturing details in this catalog are subject to change without notice.

ROLLING TARP SYSTEMS

AGRICULTURE | CARGO CONTROL | CONSTRUCTION | FLATBED | RAIL | WASTE

SHURTITE.COM

History

Shur-Co® is the largest manufacturer of high-quality tarp and containment systems in North America and the UK. In 2014, Shur-Co® acquired Roll-Tite®, introducing the ShurTite™ retractable tarp system to their Flatbed Division. Now offering a full range of tarps and cargo control for lumber, steel, and custom needs, Shur-Co® provides unmatched access to ShurTite™ products, parts, and service. With 5 company-owned centers across the U.S. and Canada and hundreds of Authorized Dealers, support is always nearby. Our team continues to innovate and is ready to meet your most specific requests.

Safe, Fast, and Lightweight

Lock and Roll

- 1,750 lbs. (standard 48'L trailer)
- Locks and unlocks in seconds, saving valuable time
- Fully operated from ground level
- Low-profile rear lock travels with rear bow allowing for full loading width from front to back (no posts or braces needed)

Superior Fabric/Customizable Tarping

Full Digital Graphics (as shown) or Ink Graphics Available

High-Gloss Seamless Panelized Tarp

- Multiple colors available
- PVC-coated polyester, high-density weave
- UV and mildew resistant
- Multi-panel welded construction is reinforced at stress points
- Individual panels can be replaced in the event of a tear or puncture

Skylight Roof

- Standard roof on every tarp

New Low-Profile Rear Lock

"No heavy posts or A-frames needed-locks travel with rear bow."

Features and Benefits

With our low-profile and easy-to-operate advanced tensioner system, the retractable pawl connects to a hook in the rub rail, allowing the threaded components to move the rear bow into position. This creates the perfect tension for a secure, reliable setup.

- Locks flip out of the way to travel with rear bow – no stationary posts or A-frames
- Does not impede deck space – allows for full width loading with no obstructions
- Operator can control tarp tension with use of removable crank handle

ShurTite Features and Options

Magnum Bulkhead

- Aerodynamic 3/16-inch plated headboard
- Reinforced by vertical posts for additional strength
- Access door for easy entrance available at additional cost
- Comes standard with 2 corner marker lights
- Takes up only 9 inches of deck space
- Bolted application with minimal welding
- GEN3™ bulkhead available

Wheels

- Maintenance-free 1-piece construction
- Durable and built for longer life
- Molded wheel-and-bearing assembly fabricated from nylon and deep groove ball bearings

Magnum Track

- Lightweight aluminum
- Flexes with trailer, resists side impact
- Removable air deflector repels debris
- Polymer insert prolongs track life
- Allows winch or strap use via rub rail
- Replaceable nylon wear strip

Titetrax

- New profile design eliminates trough and prevents debris from accumulating
- More rigid bows result in less movement during transport
- More rugged track reduces damage from lift truck impacts
- Replaceable nylon wear strip
- Aluminum light bar accepts conspicuity tape and LED lights
- Polymer insert prolongs track life

Manual Front Lock Bulkhead

- Ground-operated sliding front lock assembly
- Integrated lever control allows system to be detached off headboard for increased loading versatility
- Now an option for GEN3™ flat headboard

ShurTite Features and Options

Aluminum Bows

- Tarp support of extruded aircraft-quality aluminum
- Standard heights of 72, 84, and 100 inches
- Modular bolted construction
- Lessens maintenance downtime with no-weld repairs

Bow Corners

- Cast aluminum bow corners with a 1-3/8" inside radius to optimize loading capacity
- Easy to replace, reducing downtime repairs and costs

Internal/External Posts with Ratchets

(Optional)

- Flatbed completely exposed for flexible loading and unloading

Winding Braces

(Optional)

- Standard tensioning system
- Crank operated
- Allows for smooth and even tensioning from front to back

Rear Curtain

- Available in crank or rope and pulley styles
- Available with Velcro wings or aluminum clamp securements
- Bottom grommets aid tie down and provide additional securement
