

SHUR-CO®

MApivot

Scale Up - Scale Down | A Versatile Mounting Option for Refuse & Recycling

The MA Pivot is a manually adjustable tarp arm pivot offering significant benefits for building stock trucks for refuse & recycling applications. The MA Pivot can be adjusted to cover up to 22' containers without the need to disassemble the tarp system, and it's 100% bolt-on installation eliminates the need for welding and painting. Whether you're looking to enhance an existing system or purchase it as a stand-alone item for stocking shelves, this versatile pivot offers a convenient and cost-effective solution for truck customization.

Scalable Solution for Stock Hook-Lift & Roll-Off Upfits

**CONTAINER
LENGTH**
Length Up To **22'**

APPLICATIONS

- Hook Lift
- Roll-Off

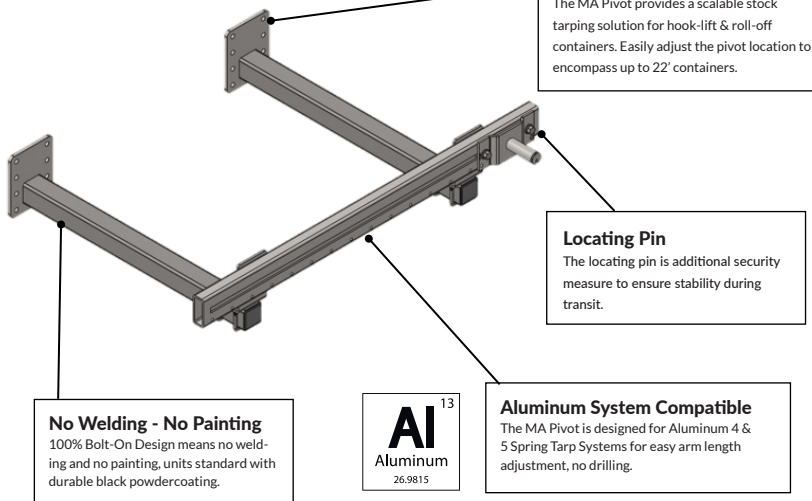

TRUCK CLASS

Single Axle

3 - 6

FEATURES

MA Pivot Kits | Stand Alone

Mounting Tube Length	Springs	Container Length Adjustment	Part No.
4'	4 Spring	6'	17058
4'	5 Spring	6'	17072
6'	4 Spring	10'	17063
6'	5 Spring	10'	17073

MA Pivot | Tarp System Add-On

Add the MA Pivot to a tarp system by including the correct hyphenate Ex:

Mounting Tube Length	Add-On Kit
4'	- A
6'	- A6
