PRODUCT CATEGORIES

Each Shurco tarping system comes with standard features. These are bulleted (●) and noted as Standard in bold type in the STANDARD FEATURES AND OPTIONS chart below right, like the 22-ounce vinyl tarp in black, green, gray or red, plus a skylight panel, listed below right. Any change from these standard features will affect the cost of your system. This is noted as an "add," "deduct" or no charge "N/C."

Safe, fast and lightweight customizable tarping! Shurco systems save time and money, allowing one-person operation and reducing injury by opening and closing safely from the ground.

Lightweight and aerodynamic, Shurco Rolling Tarp System adds just 1,750 lbs. to a standard 48' flatbed trailer. It compresses to 8' and locks to any spot on its aerospace-quality high-strength aluminum track. A replaceable polymer insert makes rolling easy and extends track life. Rubber seals between track and deck accommodate factory-mounted winches and keep out road debris.

Choose from standard system heights of 72", 84", 88", 100", 102", or 104" configurations for flatbed trailers and straight trucks – or let our in-house engineering staff design around your specific needs.

Shurco Rolling Tarp Systems are backed by a two-year front-to-back warranty.

COMPLETE KITS | Standard 102" Wide Kits w/ Low-Profile Rear Locks

TRAILER TYPE	TRAILER LENGTH	SYSTEM HEIGHT					
		72"	84"	88"	100"	102"	104"
Straight Truck	12' - 15'						
Straight Truck	16' - 19'						
Straight Truck	20' - 26'						
Straight Truck	27' - 33'						
Flatbed	34' - 40'						
Flatbed	41' - 48'						
Flatbed	49' - 53'						
Step Deck	48'						
Step Deck	53'						
Double Drop	48' - 53'						

If you want your tarp in a non-standard color, for example, you'll need to add to your total cost (call to see what colors are available). Ink and digital graphics can also be ordered for an additional charge (please call for a quote).

NOTE: All prices in this catalog are subject to change without notice.

CONFIGURATION ORDERING KEY

Alphabetical Letter (B) = Feature

Bullet (●) = Standard Feature in Kit

Numeric Value (2) = Different Available Option for a Feature

Ex. of Customer's Chosen Feature: B2 [Outside Lights (5)]

STANDARD FEATURES AND OPTIONS

A	HEADBOARD – ALUMINUM	
●	High Strength – 3/16" Sheet	Standard
B	ACCESSORIES	
1	Inside Flood Lights (2)	Add
2	Outside Lights (5)	Add
3	Nose Cone - White or Black	Add
4	Access Door (32" x 60" Standard)	Add
5	Chain Box	Add/Side
6	Dunnage Rack	Add/Side
7	Front Build-Out - 8"	Add
8	Utility Shelf	Add
C	FRONT LOCKS	
●	Ground Operated	Standard

●	Low Profile	Standard
1	Winding Brace	Add
2	Rear Post w/Ratchets	Add
I	TARP OPTIONS	
●	22Oz. Vinyl Tarp – Choice of Standard Colors	Standard
●	Skylight Roof	Standard
1	Non-Standard Colors**	Add
2	Ink Graphics	Add
3	Digital Graphics	Add
J	ACCESSORIES	
1	Stainless Steel Light Bars	Add
2	Rear Step - Passenger Side	Add
3	Rear Step - Driver Side	Add

*Track sections come pre-cut to length on systems up to 48'. For trailers longer than 48', sections will come in two pieces: 48' plus remaining length..

**Call to check on non-standard color availability.

Genuine Shurco replacement parts are proven to fit and function better. For quality performance, go with the name you can trust. Remember that utilizing non-Genuine parts voids your warranty. For more information, call our Shurco distribution centers at 800-474-8756.

NOTE: All prices in this catalog are subject to change without notice.

SYSTEM AND COMPONENT IDENTIFICATION

- 1) FOR MAGNUM AND TITETRAX™ SYSTEMS, get the serial number and job number from the aluminum tag located at eye level on the driver side of the headboard.
- 2) FOR CLASSIC SYSTEMS, get the last five (5) digits of the trailer VIN number.
- 3) Fill out the measurement sheet (at end of catalog) that most closely resembles your trailer/truck.

FLATBED TRAILER MEASUREMENT SHEET

Shurco™ tarps are custom-made to order and are non-returnable, so the correct physical measurements are essential for proper tarp fit. Be sure to provide all requested information or your order may be delayed. Do NOT use universal body or trailer sizes. Instead, use ACTUAL MEASUREMENTS provided in INCHES.

Use diagram below to help determine correct measurements for ordering. Trailer **MUST BE AIRED UP** and hooked to the truck or the fifth-wheel height set to 48" from the ground BEFORE taking measurements. Width of deck is from outside rub rail to outside rub rail. Additional information needed is noted on reverse side.

STRAIGHT TRUCK TRAILER MEASUREMENT SHEET

Shurco™ tarps are custom-made to order and are non-returnable, so the correct physical measurements are essential for proper tarp fit. Be sure to provide all requested information or your order may be delayed. Do NOT use universal body or trailer sizes. Instead, use ACTUAL MEASUREMENTS provided in INCHES.

Use diagram below to help determine correct measurements for ordering. Trailer **MUST BE AIRED UP** and hooked to the truck or the fifth-wheel height set to 48" from the ground BEFORE taking measurements. Width of deck is from outside rub rail to outside rub rail. Additional information needed is noted on reverse side.
